**Please retain these guidance notes for future reference**

**1.0 RESIDENT** For the purposes of the scheme a resident is defined as a person whose usual place of residence is within an eligible residential property within the area defined in the relevant traffic order. An applicant will be required to provide documentary evidence of bona fide residential status within the area.

**2.0 PROOF OF RESIDENCE** Documentary evidence confirming the applicant's current address. Proof must be in the form of **one of the following**: Current Council Tax bill or Gas/Electricity or Land Line Telephone bill dated within the last 3 months. \*\* see below

**3.0 ELIGIBLE RESIDENTIAL PROPERTY** An eligible residential property is a dwelling house built or converted, for residential use prior to 1<sup>st</sup> January 2000. GCC records will be checked to confirm this criterion has been met. However, where this check is inconclusive, the applicant will be required to provide documentary evidence in support of their application (title deeds)

**4.0 VEHICLE** The vehicle must be registered in the name and address of the applicant, except as provided for in paragraphs 4.1 – 4.4 below. The scheme makes no provision for shared or borrowed vehicles. The vehicle registration document (V5) must be submitted with the application. \*\*see below

**4.1** Where the vehicle is a company car, a letter on company headed notepaper, signed by the Company Secretary, **must** be submitted along with the registration (V5), confirming the applicants' exclusive use of the vehicle and the requirement to provide parking for it at applicant's address.

**4.2** Where a hire or leasing company owns the vehicle, the hire/lease agreement **must** be submitted, along with a letter from the employer where applicable.

**4.3** Where the registration document is unavailable through a recent change of vehicle ownership, a bill of sale or sales invoice for the vehicle **must** be submitted with the application. A quarterly permit will be issued in this instance. The appropriate registration document (V5) will require to be presented with any subsequent renewal application.

**4.4** Where the registered keeper name and address shown on the registration document (V5) differ from that shown as the applicant on the permit application, the change of keeper name and address portion of the registration document should be completed prior to submission. GCC Parking Unit will then pass this to the DVLA.

**5.0 PERMITS** A Resident Parking Permit entitles the holder to park in any parking place within the parking zone shown on your permit, but does not guarantee use of any particular parking bay. The permit should be displayed in such a fashion as to ensure that all relevant details can be read from the footway. Please note that you should continue to pay and display until you have received and are displaying your permit.

**5.1** A permit will be valid only within the particular zone for which it is issued. You **must** pay and display when parked in any pay and display place which is outwith your permit zone. A list of streets within your zone will be issued to you with your new permit

**5.2** Where a permit is lost or stolen this **must** in the first instance be reported to the Police and then to GCC Parking Unit. An application for a replacement permit **must** be made on the appropriate form. If you find your permit after it is replaced you must return it GCC Parking Unit. An administration fee of £20 will be charged for lost, damaged or stolen permits.

**5.3** Where a permit holder changes their car or the registration number of their car, the permit **must** be returned to GCC Parking Unit along with supporting documentation for the new vehicle or registration number. A replacement permit will be issued free of charge.

**5.4** At all times the Permit will remain the property of GCC Parking Unit and is to be used solely by the applicant on the vehicle for which it was issued. Should a permit holder no longer reside in the zone for which the permit was issued or dispose of the vehicle, the permit **must** be returned to GCC Parking Unit. A refund will be calculated pro rata in respect of the number of whole calendar months remaining at the time of surrender.

**6.0 SUSPENSION OF PARKING PLACES** From time to time it may be necessary to suspend parking places for various reasons. Suspensions are indicated by, the placing of "No Waiting/No Loading" cones and the "hooding" of Pay and Display machines where appropriate. Please make sure your vehicle is not parked in a suspended parking place as your vehicle may have to be removed, impounded and a release fee incurred.
