1 (d)	26 <sup>th</sup> November 2018	<p><b><u>CCTV for Garnethill</u></b>            For the past few years Garnethill has become the centre for several issues such as constant bike theft, house/flat break-ins, drug abuse, anti-social behaviour, fires, assaults both day and night. Residents fear for their safety and have to change their routes. There are attempted rapes also within the area at the bottom of Renfrew Street. Having CCTV helps identify the crime and its attackers as some victims are unable to describe especially when being attacked from behind. We also feel for our tourists and their safety also. The result we are looking for is CCTV to be installed at the top of Hill Street down the path to Renfrew Street and corner of Rose St/Hill St facing the park where we had 3 x assaults a few weeks ago.</p> <p>Also a 26 year old man was found dead in Hill Street on Saturday 24<sup>th</sup> November. All that is known at this stage is that he is not a resident, and that his family residence is in Bearsden. There was a targeted attack via gangland 2 weeks ago and we fear this is the same. This is terrifying for all but especially for mothers walking with their children or have children in prams.</p>	Anderston/City/Yorkhill	60 (25 of which have been validated)
