## The Licensing Board's Statement of Festive Policy for 2023

### Section One: Application of Festive Policy

In accordance with part 8.6 of its Policy Statement, each year the City of Glasgow Licensing Board issues a Statement on its policy for extensions to licensed hours in relation to the festive period. At the discretion of the Board this policy may include recognised public holidays and events of national significance.

Where part 4 of the Operating Plan attached to a current premises licence makes reference to the Licensing Board's Festive Policy, then any relevant extensions to licensed hours referred to in this policy will apply automatically without the need for an extended hours application to be submitted, subject to the specific exclusions mentioned at section two.

If the operating plan attached to a current premises licence does not include reference to the festive policy then the extension **does not** automatically apply. Should the licence holder wish to benefit from the additional licensed hours then an application for extended hours must be lodged no later than **4 weeks** prior to the first date on which extended licensed hours are sought. Each such application will be considered on its merits.
