# Foreword

This booklet provides you with a summary of our revenue and capital expenditure and funding for 2014 to 2015, as well as a number of key facts about the services we provide, together with comparative statistics for the other Scottish councils.

Lynn Brown Executive Director of Financial Services and Deputy Chief Executive Glasgow City Council

Lynn Brown

March 2014

We have a £2,179 million gross revenue budget which is spent on providing Education, Social Work, and other services and on the repayment of debt. The council also has projected expenditure within the investment programme totalling over £240 million to provide enhanced council services and infrastructure.

The booklet supplements our detailed 2014 to 2015 Revenue Estimates and Investment Programme – which can be downloaded from our website at **www.glasgow.gov.uk** and contributes towards the wider publication of local authority financial information.

## Serving the City budget priorities

Our council is the main provider of services to the city's 595,080 residents and those who visit, work and do business in the city.

In determining our budget and service plan strategy we have developed five key themes as follows:

## That Glasgow;

- Has Economic Growth; and is
- A world class city
- A sustainable city
- A city that looks after its vulnerable people
- A learning city.

These themes reflect the wide ranging views and comments received from stakeholders, as identified through the council's consultation mechanisms, Best Value reviews and Citizens' Panel.

# Funding of council services

## **Council services**

We are responsible for providing services including Education, Social Work, Roads, Cleansing and Leisure and Recreation.

### **Revenue expenditure**

Revenue expenditure is the day to day running costs incurred by the council in providing services. This includes employee costs, other running costs, payments for services and debt repayment.

## Aggregate External Finance (AEF)

AEF is the total grant provided by central government to local authorities. It comprises three elements: **General Revenue Grant (GRG), Non Domestic Rate Income (NDRI) and Ringfenced Grants**. GRG is the principal grant received by local authorities and is determined by the total level of grant available and an individual authority's need to spend. NDRI is collected by all authorities and paid into a central pool which is then redistributed by the Scottish Government. Ring-fenced grants are provided for a specific service area or initiative.

## Fees and charges

Charges are levied in respect of services such as the provision of school meals, residential accommodation, building control warrants and planning application fees and so on.

## Use of balances and trading operation surpluses

Councils which have generated surpluses in previous years may use these to help create stability in the level of Council Tax. The same applies to surpluses generated by Trading Operations.

## Local taxation

The difference between AEF, fees and charges, the use of balances, and the total budgeted expenditure is met by Council Tax. This is a tax levied on individual properties.

The section entitled 'Calculation of Council Tax 2014 to 2015' on page 8 shows how these different elements combine to fund the council's budgeted net revenue expenditure for 2014 to 2015.

## Non Domestic Rates

### 1. Non Domestic Rate Poundage 2014 to 2015

National rate poundage (rateable value over £35,000)

National rate poundage (rateable value up to £35,000) 48.2p

13

Source: Scottish Government

Owners of non domestic properties such as industrial and commercial premises pay Non Domestic Rates instead of Council Tax. This charge is calculated by multiplying the national rate poundage (set annually by the Scottish Government) by the rateable value of the property (revalued every five years by the City Assessor). The Small Business Bonus Scheme (SBBS) offers assistance to small businesses. This scheme applies to properties with a cumulative rateable value of £35,000 or less (where no single property has a rateable value of greater than £18,000) and is partly funded by a supplement to the rate poundage for businesses with a rateable value of more than £35,000. For 2014 to 2015 this supplement is set at 1.1p. Details of the SBBS can be obtained by visiting **www.scotland.gov.uk**.

All NDRI raised within the city is paid into a national pool which the Scottish Government redistributes to authorities as part of the grant settlement. In 2012 to 2013 the city paid £5 million more into the pool than it received back.

## Investment programme

Investment programme expenditure is spending on the council's assets such as land and buildings; vehicles, plant, furniture and equipment; and infrastructure and also contributions towards capital developments. The council's investment in the infrastructure of the city and its services contributes to the council's key priorities of Education, Regeneration and Social Inclusion.

The Local Government in Scotland Act 2003 introduced the Prudential Code for capital finance. This permits local authorities greater freedom to determine the scale of their capital investment plans, as long as they are affordable, prudent and sustainable.

Capital investment in services will continue to progress during 2014 to 2015 including:

**Residential and Day Care Services** - The overall proposal is that the council builds 5 new care homes and 5 day centres designed to meet the needs of older people and improve their quality of life.

**Pre-12 Strategy** - The council has an ongoing programme for replacing and refurbishing Pre-12 and Additional Support for Learning schools.

**Roads and transport investment** - In conjunction with Strathclyde Partnership for Transport, the council is developing a public transport corridor (Fastlink) on the north bank of the River Clyde. The council also continues to invest in the roads infrastructure (including footpaths).

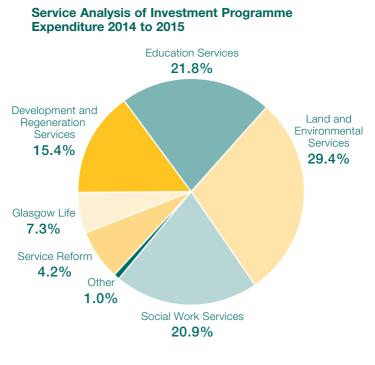

**Glasgow Royal Concert Hall** - This venue will undergo significant development to accommodate Royal Scottish National Orchestra, by providing both performance and rehearsal facilities.

KEY FACTS AND FIGURES 2014 TO 2015

# Funding of investment programme expenditure

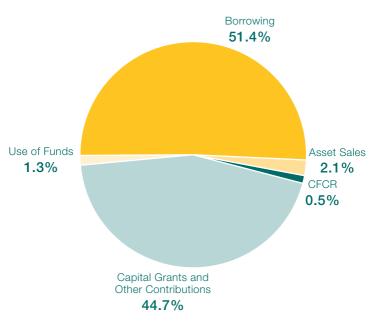

Projected gross investment programme expenditure in 2014 to 2015 totals £240 million.

Capital income is often received for specific investment programme schemes, reducing the net cost to the council. This includes grants from the Scottish Government and UK government departments, and other public and private sector contributions. The residual net cost to the council may be funded from: borrowing; receipts from asset sales; the use of fund balances; and the use of revenue funds, known as capital from current revenue (CFCR).

An analysis of the funding for the projected 2014 to 2015 gross expenditure is given in the following table.

£	thousand	%
Capital Grants and Other Contributions	107,325	44.7
Borrowing	123,381	51.4
Use of Funds	3,049	1.3
Asset Sales	5,000	2.1

# Glossary of terms and ombudsman

#### **CFCR - Capital From Current Revenue**

Capital expenditure that is financed by contributions from the revenue budget.

#### **Council Tax**

Council Tax meets the difference between expenditure, grant income and fees and charges, and comprises a 50% property charge and a 50% personal charge.

#### **Council Tax Base**

Band D equivalent dwellings.

#### **General Fund**

The fund to which expenditure is charged for council services.

### Non Domestic Rates

Non domestic rates are levied against non-domestic properties based on assessed rateable values and a rate for every pound set by the Scottish Government.

#### **Prudential Code**

Central Government previously controlled the amount that a local authority was permitted to borrow in order to fund its investment programme. With effect from 1 April 2004 the Prudential Code, introduced by the Local Government in Scotland Act 2003, permits local authorities to determine a level of capital investment that is prudent, sustainable and affordable.

#### **General Revenue Grant (GRG)**

GRG is the main grant allocated by Central Government to support services provided by local authorities.

#### **Ring-fenced Grants**

Grants that relate to the provision of a specific service or initiative (and previously termed Specific Grants).

#### **Scottish Water**

Scottish Water sets the charge for water and waste water for each property band but it is the responsibility of local authorities to collect these charges along with Council Tax.

#### The Scottish Public Services Ombudsman

If you have gone through the council's complaints process and you are still unhappy, you have the right to take your complaint to the:

Scottish Ombudsman, 4, Melville Street, Edinburgh EH3 7NS. Phone: **0800 377 7330** 

Generally, if you want to do this, you must contact the Ombudsman within one year.
