Tell Us Once

Tell Us Once - a government initiative to help those who are bereaved

Tell Us Once is a free government service that allows you to report a death when you suffer a bereavement and need to tell central and local government.

When someone has died, there are lots of things that need to be done, at a time when you probably least feel like doing them. This will include contacting Government departments and local council services that need to be informed.

“This is a very good service. The last thing you need at this sad time when you have lost a loved one is to sit on the phone for hours cancelling everything.”
