

The Glasshouse  
Queens Park  
520 Langside Road  
Glasgow G42

## Venue Information

Situated within Queens Park, dedicated to the memory of Mary, Queen of Scots, the Nursery and Display House offers an unusual venue for any event, be it a conference, wedding or display.

The fabulous structure houses a café, ponds, tropical fish, exotic birds and an excellent reptile house. It also has a fine collection of sub-tropical plants and many types of flowering and foliage plants.

The maximum capacity for the venue is 100 seated guests or 250 non-seated.

These premises are combined production and display units from which all floral and plant decoration work is carried out.

It should be noted that with a glasshouse structure of this nature, high temperatures during hot summer weather or low temperature (less than 14°C) in severe winter weather may be experienced. There may also be some water penetration during heavy rainfall.

Under extreme weather conditions e.g. high winds, the Glasshouse may have to be closed at very short notice for safety reasons. See Terms and Conditions for further information.

**Please note that music must cease by 12:00am midnight.**
