Venue Information

Please note that image is for illustration purposes only.

Situated within Glasgow Green and attached to the People's Palace, the stunning Winter Gardens are housed in an elegant Victorian glasshouse built in 1898 for the benefit of the industrial working people of the east end of Glasgow.

Over the years, the Winter Gardens have hosted corporate dinners, award ceremonies and weddings. The venue is also used as a VIP area for guests at events taking place within the park.

The maximum capacity for the venue is 200 seated or 450 non-seated guests.

It should be noted that with a glasshouse structure of this nature, high temperatures during hot summer weather or low temperature (less than 14°C) in severe winter weather may be experienced. There may also be some water penetration during heavy rainfall.

Under extreme weather conditions e.g. high winds, the Glasshouse may have to be closed at very short notice for safety reasons. See Terms and Conditions for further information.

Please note that music must cease at 12:00am midnight.
