**Strategic Environmental Assessment Determination**  
**Glasgow's Housing Strategy 2017-22**

Glasgow City Council carried out a screening assessment of Glasgow's Housing Strategy 2017/22 and submitted it through the SEA Gateway in November 2016.

In December 2016, a response from the Gateway and consultation authorities was received which indicated that none of the consultation authorities identified the likelihood of significant environmental impacts.

The Council has determined, based on its own screening and the views of the consultation authorities, that a Strategic Environmental Assessment is therefore not required.

For information, the finalised Glasgow Housing Strategy 2017-22 was approved by the Council's Executive Committee on 19<sup>th</sup> January 2017.

Yours sincerely

Patrick Flynn  
Head of Housing and Regeneration Services
