To whom it may concern,

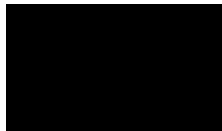

Asset Transfer Application – Howford School, 487 Crookston Road, Glasgow, G53

I am writing with regards to the asset transfer application submitted by the Amaanah Project in relation to Howford School.

I am familiar with the Amaanah Project and know the value of the work that it does in the local community. I would, therefore, like to note my interest in this application and that I welcome the Amaanah Project's proposal to develop a community hub on the Howford School site. I feel sure that the proposals for the site will be of significant benefit to the local community.

I would be grateful if you could keep my office updated on progress of the application.

Yours Sincerely

Humza Yousaf MSP
