

West Prince's Street

Charing Cross

St George's Road (North)

Glasgow City Council is holding an online consultation and two walk – in sessions to look at improvements to walking and cycling in your area. We would like to share how your input has shaped the designs and to get your views on the next phase of the project.

In this round of consultation there will be a focus on:

- ◆ Early designs for West Princes Street Quietway
- ◆ Early designs for St George's Road (north of St George's Place)
- ◆ Detailed design update for St George's Road South and Charing Cross

We are proposing a number of changes to improve the environment for pedestrians, cyclists, local residents and businesses. New designs could see the implementation of:

- ◆ New and enhanced public space
- ◆ Pedestrian and cycle crossing points
- ◆ Reprioritising streets in favour of walking and cycling

## About Connecting Woodside

**Connecting Woodside** is an area wide project through Sustrans' Places for Everyone programme funded by Transport Scotland.

We want to work with the community to rebalance streets to reduce the dominance of road traffic and to improve streets and public spaces for people.

More detail on the project, and progress so far, can be found on our website:

[www.glasgow.gov.uk/connectingwoodside](http://www.glasgow.gov.uk/connectingwoodside)
