

## Schedule of Representations

### **Celtic Park and Emirates Arena**

#### Notes on the structure and use of this schedule

The representations have been uploaded in groups of 50. They are in chronological order, with the numbers based on surnames in alphabetical order.

All surnames have however been redacted under GDPR, and so all representations simply identify the substance of the matters raised for consideration.

It is recognised that it would be a lengthy and difficult task to read through and assess all the representations, and for this reason the reporters have provided a summary which accompanies this schedule. The reporters would advise that all representations will be examined, regardless of participation in the hearing.

The uploaded representations should however facilitate reference to the matters raised by parties who wish to group together to present evidence to the hearing.

On this basis, numbers of representations within particular categories are set out below. Please note that this follows the categories of representation that are set out in section 3 of the pre-hearing agenda explanatory notes, but it only covers the main groups of representation at this stage, and does not necessarily identify all site-specific matters raised in the representations. Also, please note that this initial schedule does not refer to all representations made; it simply aims to provide a snapshot of those that fall into the distinct categories we have identified.

Those parties who have expressed an intention to participate in the hearing following the letter issued on 7 February 2020 have also been included on the schedule. Please note that this includes those who are attending the pre-hearing meeting without having confirmed their intention to participate in the hearing. The reporters will seek such confirmation at the pre-hearing meeting under agenda item 5.

This schedule will be continually updated with respect to those who intend to participate in the hearing, and with respect to parties grouping together on particular topics, once this information becomes available following the pre-hearing meeting.

Anyone wishing to contact another party in connection with a similar position on matters raised within the representations should contact the programme officer team in the first instance, identifying the number of the objection(s) concerned. The programme officers will then contact all relevant parties, and if all agree, only then will the contact information be shared to the interested parties.

### Objections to the principle of the order

Most objections fall into this category, and constitute most of the representation numbers which are not listed below. They cover all of the matters set out in section 3.3 of the pre-hearing agenda and explanatory notes. As more information on the grouping of parties with respect to these matters become available, the specific objections numbers in such groups will be provided here.

### Objections from residents outside (or within) the event day parking zone

These mainly cover the Eastfields Estate, but also other areas as well, and the following numbered objections relate to this matter:

29, 161, 171, 188, 290, 295, 535, 648, 807, 813, 846, 856, 875, 967, 1124

### Objections from residents to bus parking within the former athletes' village

50, 112, 331, 480, 600, 613, 666, 674, 971, 1138, S+O 1-16

### Objections from businesses, religious and community groups

95, 342, 439, 767, 989

### Letters of support for the restrictions from residents in the zone

S1 – S16

### Parties who have expressed an intention to participate in the hearing

Celtic Football Club – 1170

29, 77, 93, 95, 161, 182, 191, 251, 272, 287, 301, 342, 360, 397, 404, 406, 463, 468, 471, 505, 508, 510, 556, 564, 613, 640, 664, 675, 709, 770, 774, 797, 825, 873, 890, 904, 929, 1003, 1036, 1051, 1145, 1179, S+O 12, E8

**Note:** if anyone finds an objection number which has been incorrectly allocated, please advise so that this can be corrected.
