1. There is a selection of apps available through Self Service. These have all been approved and are free to download, but no more than 3 at a time.

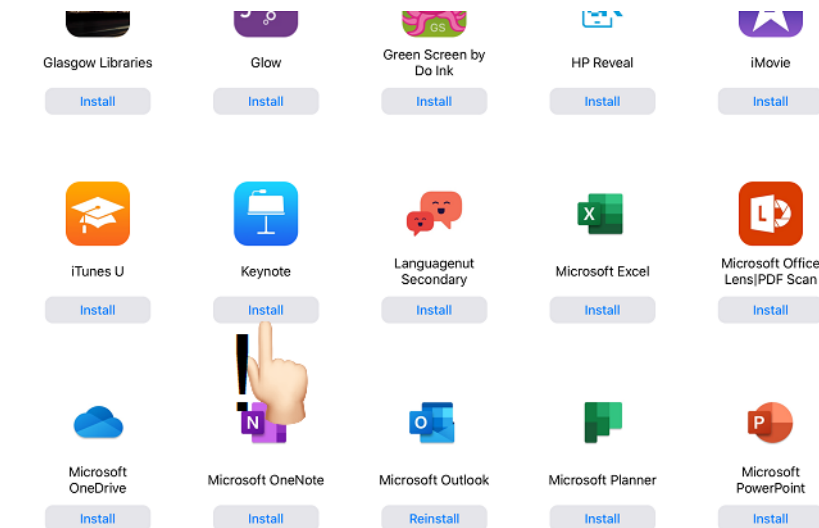

Go back to the HomeScreen and tap on Jamf Self Service for apps.

**2. Tap on Allow for Notifications e.g. for updates to apps.**

3. Tap on Continue.

4. You will probably have to update the Apple iWorks apps as these have only recently been updated. Tap to install / reinstall Keynote
