Subject: Objection: Cathkin Park and MUGA

Dear [REDACTED]
[REDACTED] discussed further the issue of the Community Asset Transfer Request for Cathkin Park to the [REDACTED] and asked me to write to you. We would like to request that the city council bring together the various organisations that use the park. We ask you to broker a discussion between these groups to establish a mutually agreeable way in which the pitch, goal posts, pavilion and other features of the park can be shared equitably.

The groups concerned would include at least:

If there is to be further consideration of the asset transfer request, or consideration of a new request, can you please ensure that neighbours of the site be notified? That would include

Last, we also ask that in future that all Community Asset Transfer Requests located within the [REDACTED] be notified to the [REDACTED]

Many thanks
