PART 2: PROPOSAL OF APPLICATION NOTICES

This section of the list shows Proposal of Application Notices, which are displayed in chronological order. These were introduced in the 2006 Planning Act and involve consultation with the community for major or national applications, as defined in the Act, at least 12 weeks before submitting a planning application. The applicant is required to provide Glasgow City Council with details of the proposal along with a list of those they intend to consult and how, including an event. This event could be in the form of an exhibition or public meeting and at least one event must be held.

The applicant **must** consult any Community Council whose area covers or borders the application site but they can also consult additional people or groups if they so wish. The Council can require additional consultations to be made if they consider they are required under the terms of the Act. Requests for additional consultations required by the Council, if any, are shown below the proposal.

The earliest date on which the planning application can be submitted is a minimum of 12 weeks from when the Notice was received by the Council and both dates are shown. This Notice will remain on the weekly list until the application is submitted.

It should be noted that any comments regarding the proposal during this period **must** be made to the applicant/agent and **not** to the Council. This is to allow the applicant to consider community comments before submitting the application. Any comments made to the Council will **not** be treated as objections to the application when it is received.
