

Supply and installation of electric vehicle charging infrastructure – Award of contract approved.

5 There was submitted a report by the Director of Governance and Solicitor to the Council regarding tenders received for the supply and installation of electric vehicle charging infrastructure, via mini-competition under the Eastern Shires Purchasing Organisation (ESPO) Framework for Vehicle Charging Infrastructure, advising that

- (1) to assist in the development of the electric vehicle charge point network, grant funding of £2,175,000 had been secured from Transport Scotland for the contract; and
- (2) the contract, to be utilised by Neighbourhoods and Sustainability, would be for a period of 12 months, commencing immediately on award, with the option for a single extension period of up to a further 18 months.

After consideration, the committee approved the award of the contract for the supply and installation of electric vehicle charging infrastructure to SWARCO UK Ltd in the sum of £2,175,000.
