

## **Street litter bin replacement programme – Update noted.**

5 With reference to the minutes of 12th June 2018 (Print 3, page 2) instructing that an update on the street litter bin replacement programme be provided, there was submitted and noted a report by the Executive Director of Neighbourhoods and Sustainability regarding the early successes and challenges experienced during Phase 1 of the street litter bin replacement programme, advising

- (1) that £3m had been secured to invest to improve the city street litter bin provision in addition to funding from Smart Cities (Scotland) to pilot 400 smart bin sensors during a 12-month pilot;
- (2) of the results of Phase 1 completed in July 2018, the approaches that had worked well, the challenges faced and the communications strategy, as detailed in the appendices to the report; and
- (3) of the timescales for implementation of Phase 2 that had commenced in September 2018.
